DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on January 31, 2005 and February 11, 2005 have been received and reviewed. Accordingly, the examiner is considering the information disclosure statement.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: In response to the application filed February 1, 2001, a non-final Office action mailed November 16, 2004, have indicated that claims 1 was rejected, claim 7 was Allowed and claims 2-6 and 8-10 were objected to as claims having allowable subject matter as being independent upon a rejected base claim.

In response to the above-indicated office action Applicant has submitted a remarks on February 14, 2005, as discussed on pages 8-11. Applicant's remarks have ^{indicated} ~~indicated~~ a cancellation of claim 8, claims 7, 9 and 10 have been amended and claims 11-13 have been added.

Referring to claim 1, applicant argues that the prior art (Venable, US2003/0152272) is not anticipating or suggest the subject matter of the invention as claimed. In particular, the steps of determining a first slope value, the first slope value

being a function of the difference between a plurality of the first values; determining a second slope value, the second slope value being a function of the difference between a plurality of the second values; and determining a detected edge of the document from the first slope value and the second slope value, as discussed on pages 9 and 10 of applicant's remarks.

Applicant's arguments regarding claim 1 has been found persuasive. The prior art searched and of record neither anticipates nor suggests the claimed invention of claims 1-6. Claims 7-10 have been previously allowed. The newly submitted Claims 11 is similar to claim 7.

Therefore, in view of above discussed reasons currently pending claims 1-6, 7, 9-10 and 11-13 are allowed.
